

Field Trip to Biscay Orchards

Students at Coastal Kids Preschool made a trip to Biscay Orchards in Damariscotta recently and got to taste the fruits of their travels. The preschoolers had been learning all about apples, and so were very excited when they arrived at the orchard to participate in Everything Apple.

They had fun walking up to the orchard, and getting a demonstration on how to pick apples. The children were then able to fill a bag full of apples to take home. They also checked out the the farm store, and sampled cider. Back at school they created apple prints, crafted thank-you notes to the orchard and made delicious applesauce.

For more pictures of this and other Coastal Kids adventures check out our facebook page. Coastal Kids still has a few openings for two though five year olds in its program. To schedule a tour of the school, please call 563-5335.
