

Coastal Kids Learn About Fire Safety

Josh Pinkham and Fred Brewer of the Damariscotta Fire Station visited Coastal Kids Preschool recently and brought one of the station's fire trucks. The children were given a tour of the truck's equipment by the firefighters and got to sit inside the vehicle. Brewer then put on all of his fire gear and mask so that the children could become familiar with his appearance and be less afraid in case of a fire. Brewer and Pinkham's children attend the preschool.

Coastal Kids would like to thank the Damariscotta Fire Department and Pinkham and Brewer for the opportunity learn more about their community fire station. Coastal Kids currently has limited openings for 18 months-9 year olds in its preschool and afterschool programs. For more information, please call 563-5335.
